## PROFILE

Results-driven Front-End Developer delivering high-performance web applications. Expertise in HTML, CSS, JavaScript, and front-end frameworks such as React. Strong emphasis on writing clean, maintainable code and implementing best practices for responsive design and web accessibility. Best in collaborating with cross-functional teams to translate complex requirements into intuitive and engaging user interfaces. Passionate about continuous learning, adapting to new tools and technologies, and driving innovation in web development.

## CAREER OBJECTIVE

Eager to bring my expertise to a forward-thinking company that values innovation, creativity, and a user-centric approach. I am looking for an opportunity to work on challenging projects where I can make a meaningful contribution and continue to develop my skills in the rapidly evolving field of web development.

## WORK EXPERIENCE

### Startek

Customer Support Executive

- Worked as a customer support executive for Flipkart, solving customer's product related queries

### WEB DEVELOPMENT

- I engaged in various personal projects that allowed me to apply my knowledge of HTML, CSS, and JavaScript in real-world scenarios.
